Workplace Cultures of INclusion

29th Annual Conference
Minneapolis Convention Center
March 28-30, 2017

The Forum on Workplace Inclusion convenes in Minneapolis each year to engage people, advance ideas and ignite change around the topics of diversity, inclusion and equity.

Celebrating its 29th year in 2017, the Forum's three-day annual conference is designed to be an experience that sets itself apart by focusing on big ideas, interactive discussions and lasting connections.

Diversity and inclusion work requires the whole system in the room - from the diversity council member - to the front line manager - to the seasoned diversity leader - to the CEO champion. We invite you to attend.
